

### Frequently Asked Questions:

Q - How do I register my agency for a YES program?

A - To apply, please complete and return the agency info form by scanning and emailing to outreach@yeskids.org or faxing: (617) 266-6168 (Attention: Ethan George). Agencies can sign up for our activities only on designated days after completing the application process.

Q - Can my agency attend multiple trips with YES?

A - Some programs may allow for multiple scheduled agency trips per season others can only offer a single trip per agency. Anyone interested in multiple trips should make a note of that in their application or in communications with the Outreach Coordinator, Ethan George.

Q - How much do these trips cost?

A - Operation Snowsports trip prices start at \$50 per participant but can be heavily discounted on a sliding scale based on need. Outdoor Adventure trip prices vary but through YES community partnerships the cost to agencies is also heavily discounted. YES Academy programs are operated without cost to agencies. Each agency should complete an application to receive a specific price point for each program they are interested in.

Q - What is the responsibility of the agency staff member on these trips?

A - Each agency must have an 'Agency Leader' in charge of communication with the YES Community Outreach Coordinator to plan and implement the trip. Agencies must provide enough chaperons to meet the YES ratio policy (1:5 for youth 12 years and under, 1:7 for youth 13 years and older). Agencies may also be required to provide an emergency vehicle driver to accompany the YES provided transportation.
