

Operation SnowSports

2018–2019 Season

Youth Enrichment Services' (YES) Operation SnowSports Program gives Boston youth the opportunity to experience the outdoors, develop confidence on the slopes, and build leadership skills.

Program Details

Operation SnowSports is open to youth ages 7 - 12* who are looking to learn how to ski/snowboard and/or expand their skills and confidence on the slopes. The Operation SnowSports YETTI and YES Kid experience begins in the YES rental shop the week before the activity. At this time, youth are fitted for their gear and learn safety tips for their day(s) on the slopes. On the weekend day trips, youth arrive at YES to meet their instructor and classmates. Transportation is provided to/from the mountain. At the mountain, youth participate in a morning lesson, break for lunch, and continue with supervised skiing and snowboarding all afternoon. The YES Cross Country Ski program provides transportation to/from Weston Ski Track on Monday afternoons.
